

PROFESSIONAL SUMMARY

Motivated B.Tech student in Electronics & Communication Engineering with specialization in Artificial Intelligence and Machine Learning (AIML). Skilled in Python, JavaScript, web development, and software development with a strong interest in AI-driven applications, problem-solving, and full-stack technologies. Quick learner with experience in teamwork, leadership, and event coordination, capable of adapting effectively in dynamic environments.

TECHNICAL SKILLS

- Programming Languages: Python, JavaScript, C++
- Web Technologies: HTML, CSS, Web Development
- Tools & Platforms: Git & GitHub, VS Code
- Core Concepts: Machine Learning Basics, Software Development, Problem Solving, Team

Collaboration

PROJECTS

AI-Based Attendance System

- Developed a face-recognition attendance system using Python and OpenCV.
- Automated attendance tracking to improve efficiency and reduce manual effort.
- Applied computer vision concepts for real-time face detection and recognition.

Portfolio Website

- Built a responsive personal portfolio using HTML, CSS, and JavaScript.
- Showcased projects, technical skills, and personal achievements through an interactive interface.
- Optimized the design for compatibility across multiple devices and screen sizes.

Machine Learning Mini Projects

- Worked on beginner-level machine learning projects using Python libraries.
- Explored concepts such as data preprocessing, model training, and predictive analysis.
- Gained hands-on experience in implementing basic ML workflows.

EDUCATION

B.Tech in Electronics & Communication Engineering (AIML)

Expected Graduation: 2027

Higher Secondary Education

Completed 12th Standard with Science Stream.

Secondary Education

Completed 10th Standard.

LEADERSHIP ACTIVITIES

- Participated actively in sports and team-based activities during school and college.
- Developed teamwork, coordination, and communication skills through collaborative environments.
- Strong interest in calisthenics, football, and continuous self-development.

CERTIFICATIONS

- Python Programming Fundamentals
- Introduction to Web Development
- Basics of Artificial Intelligence & Machine Learning
